Dear Stuart,

On behalf of the residents, staff and Trustees I would like to say 'Thank you' to you for the inspiration and support which you have provided for our homeless residents and the Project as a whole.

Your own personal life example is seen by many of our guys as a ray of HOPE in their worlds which are so often filled with despair. You are living proof of the value of hanging on to your dreams and goals.

In particular may I say a very special 'Thank you' for the new Video & Music Editing Programme which you have kindly set up and are now leading. The money raised to make this possible came as a result of others recognising your life journey coupled with your own generous donations of various pieces of equipment and software.

As you have already gauged from the first few training sessions, which you have led, many of the residents are now not only engaged but have captured your own enthusiasm and are now looking forward to the next day you will be able to join them and see their progress.

Thank you for not forgetting where you have been, for not burying the pain of those days but using it to empathise with those who are still living those dark days.

Yours Sincerely,

Kevin Curtis
Project Manager

A Christian ministry working for the Homeless
